

REMARKS

In preparing formal drawings, it was noted that Reference Character 1 was used in Figs. 1, 2, and 3 to refer to different elements. In order to distinguish between the three different elements which are identified by Reference Character 1, the Specification has been amended to use a prime (') and a double prime (") for the second and third use of Reference Character 1 and the drawings likewise have been amended.

Likewise, Reference Character 2 is used three times in Figs. 1, 2, and 3 to refer to three different elements. For clarity's sake a prime (') and a double prime (") have been used to distinguish Reference Character 2 as used in Figs. 2 and 3 and in the specification.

It is respectfully submitted that these Amendments should be entered in the formal drawings entered in this case.

Should any further fees or extensions of time be necessary in order to maintain this Application in pending condition, appropriate requests are hereby made and authorization is given to debit Account #02-2275.

Respectfully submitted,
